## FOREWORD

One of the most exciting days in the Holstein calendar this year must without doubt be the **RICHAVEN OPEN DAY** and the '**SEEING IS BELIEVING**' Sale of 16 superbly bred heifers from the heart of the Richaven breeding programme. Founded in 1993 by Richard Bown and based on his type model of tall, wide chested, deep framed, robust feminine cows with superb udders and great legs & feet the herd has now arrived at where it is today as winner of the 2009 Holstein UK's Premier Herd. Richaven cows have always had a certain 'stamp' to them and have featured prominently at major shows over the last 15 years winning many admirers along the way. Visitors from the UK and from around the world have regularly commented on the consistency and the quality of the stock at Northfield Farm. This overall quality is apparent now more than ever with every animal in the herd (including 17 first lactation heifers) all scored **VG** or **EX**, with an average herd score of 89.5 points, cows average 90.4 points, Heifers Average 86.3 points. In 2009 Richaven entered the National Herd Competition for the first time, firstly winning the West Midlands area, then the Western region of England and finally being crowned the UK's Premier Herd. The Richaven Open Day on Wednesday 7th July 2010 commences at 11.30AM with herd inspection, trade stands, free entry to a raffle for a Richaven '**SQUAW**' calf. Lunch is served Free of charge (12.00 Noon-3.00PM). There is also a judging competition to pick the top 3 cows in the herd. The day concludes with a sale of 16 hand picked heifers from the youngstock pens at Richaven. The quality on offer is exceptional. Richaven won the All-Britain Breeders Group at the National All Breeds Show this year and 2 of the 3 cows in this winning group have daughters included in the sale. Further to this the **SQUAW** family at Richaven have proven to be outstandingly consistent breeders. Regularly this Squaw family has made up more than 50% of the herd's show string and along the way has garnered many All-Britain nominations. The family will indeed impress many visitors to the herd and in **Richaven Shottle Squaw**, the Reserve Junior Champion at NHS 2009 they have a new star. She scored (**VG88-2YR**) at 2 weeks calved and looks set to have huge future potential already securing several contracts for embryos. Her natural born 'Million' daughter is included for sale. Another much talked about young cow is **Richaven Goldwyn Dellia (VG87-2YR)**. Many great cow men with great 'cow eyes' talk about her as one of the most promising young cows in the UK today. Her superb 'Million' daughter sells. The sale includes several very promising Goldwyn daughters. Goldwyn has worked superbly well worldwide but at Richaven he seems to have combined exceptionally well on the powerful bloodlines in the herd with stunning results. Much is expected of the Richaven Goldwyns - don't overlook the stylish Goldwyn from **Richaven Raider Squaw (EX94-2E)** Member of the All-Britain Breeders Group at the National All Breeds Show 2010. All Holstein or dairy cow enthusiasts are welcome to attend this special event and take home with them a Richaven youngster or a lasting memory.
